

ACCENT ON ASSISTING

Saskatchewan Dental Assistants' Association

E-News Version

YEAR 2014—ISSUE 4

AUGUST, 2014

SDAA Opinion Survey

In preparation for the Annual 'Member Forum' (September 13, 2014—SOPH Conference) we would like know your opinions on dental assistant practice. Please complete this quick survey to help us to frame our conversation. [LINK](#)

Prevalence of Early Childhood Caries (ECC)

The University of Saskatchewan is conducting a survey on the Prevalence of Early Childhood caries (ECC) in children of oral health professionals of Saskatchewan. **If you are a parent of a child/children one to six years of age** we are inviting you to participate in an academic online survey regarding your oral health knowledge in relation to Early childhood caries (ECC). The purpose of this study is to find a correlation between oral health knowledge and the prevalence of ECC in children of oral health professionals. [LINK](#)
